

A Turn For The Better

RightTurnRx[™]

Comprehensive Drug Management Program

From 90 Degree Benefits

RightTurnRx™

RightTurnRx is an industry-leading, comprehensive pharmacy and medical optimization program providing four levels of cost-containment. RightTurnRx takes a holistic approach that reduces drug benefit costs by 30% or more by addressing these key areas:

PBM
Contracting

Alternative
Funding Pathways

Clinical Cost
Containment

Retrospective
Performance Audits

RightTurnRx offers a transformative approach that maximizes savings while prioritizing patient care. RightTurnRx provides rebate maximization, and cost reduction by balancing financial efficiency alongside proven clinical interventions with minimum disruption.

RightTurnRx provides multiple cost saving strategies and integrates with select PBMs and strategic cost containment partners.

PBM Contracting

- Quantitative side-by-side comparison of multiple PBMs to find the right balance of savings and benefits.
 - Qualitative review of PBM services to measure member experiences.
 - PBM contracting including financial negotiation and thorough review of definitions and terms.
-

Clinical Cost Containment

- Summary Plan Description Optimization
 - Utilization Management (DUR, Step Therapy, Quantity Limits)
 - Medical Rebates
 - Medical Management
 - BioSimilar, Site of Care, Drug Acquisition Strategies
 - Gene and Infusion Therapies
-

Alternative Funding Pathways

- Patient Assistance Programs (PAP)
 - Eliminate high cost, low value drugs
 - Manufacturer Assistance and Coupon Maximization
 - International Drug Sourcing
 - 340B and other Government Discount Programs
-

Retrospective Performance Audit

Audit to verify contractual guarantees per delivery channel:

- Generic Retail 30/90 /Mail
 - Brand Retail 30/90 /Mail
 - Specialty, including orphan drugs
 - Optimal Pricing Review
-

The Solution to Successfully Manage Pharmacy Inflation

Relying on pharmacy benefit managers to solve the problem of rising inflation is no longer a viable solution. You need a comprehensive approach to address complex challenges.

RightTurnRx is a Sustainable Solution to Pharmacy Inflation

Traditionally, there have been three options for containing your pharmacy costs:

1. Change PBMs
2. Stop covering certain medications
3. Shift costs to members

But what if we told you there was a better way?

RightTurnRx from 90 Degree Benefits offers a pharmacy optimization program that can lower your pharmacy spend by 30% or more through a combination of clinical programs, alternative funding, accountability, and leveraging industry relationships. Best of all, it does all this without compromising the quality of service for your members.
